MONDAY EVENING CLINICS

EMPLOYMENT & DISCRIMINATION LAW

Tower Hamlets Law Centre specialises in Employment & Discrimination Law. In addition to general case work, specific services currently being offered include:

In-person Evening Advice Clinics

- An appointment slot must be booked in advance.
- All relevant documents can be emailed to the advisors in advance for review so the time can be used as efficiently as possible at the clinic.
- This is a drop-in clinic for those who have a pre-booked appointment and will be seen on a first come first serve basis.

Remote Evening Advice Clinics

- This clinic is a remote session. The consultation will be over the telephone.
- An appointment slot must be booked in advance.
- All relevant documents can be emailed to the advisors in advance for review so the time can be used as efficiently as possible at the clinic.

Important information to note for both clinics

- The sessions will take place between 6pm to 8pm. (*Both in-person and remote*)
- It is important to be aware that receiving advice at the session does not guarantee you representation with an allocated Caseworker.
- The session is for one-off advice and no follow up work is promised.
- There will be no form-filling in or a form checking service.
- Please note there are no interpreters available at the clinic.

Pilot Duty Advice Scheme

- The Law Centre can represent clients at Preliminary Hearings - both for case management and determination of substantive matters.
- Support in preparing the documents required for the hearing is also on offer.
- Clients must **not** be able to access legal aid and their case must be in the East London Employment Tribunal.
